

# Industria

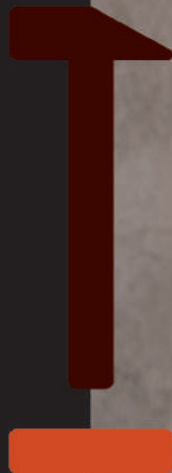

EDITION

Inspired by the design silhouettes of the Modern Mid-Century and significant vintage forms, finish and texture the collection Industria Edition is created.

Mid-century modern is the design movement in interior, product and urban development from roughly 1933 to 1965. With the drawing inspiration from nature and their material choice of steel.

Steel is molded, hammered, fired and smoothed by the hands of the skilled craftsmen whose personal touch cannot be replicated by machines. This will highlighting its unique qualities, exploring possibilities in line, form, discovering new textures and finishes.

**Designer-** Jude Tiotuico Chief Designer loves working on diverse projects. Jude's design process starts with imbuing snippets of his past experiences and moods on his lifestyle. Adding fantasy to the form and function to his main medium "STEEL". This process results in a harmonious balance of fun and sophistication, achieving a sense of lightness and simple elegance never imagined as a quality of steel.

MUSHROOM

280-360-004  
Ø80 x H200 cm  
RRP - NL €1995  
RRP - EU €2295

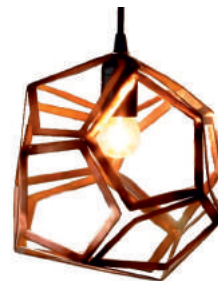

280-360-002  
Ø67 x H68 cm  
RRP - NL €895
